Metodología

Este material contiene 15 hojas en tamaño A4, cada una de ellas con dos tableros. Imprímelas, recórtalos y plastifícalos de forma independiente. Así tendrás 30 tableros individuales para poder jugar. Haz lo mismo con todas las fichas.

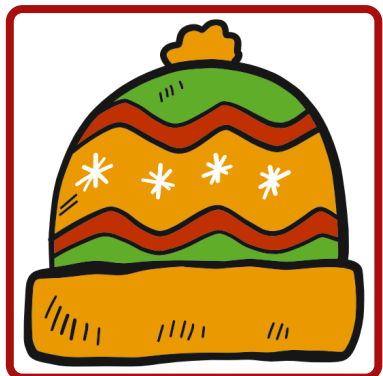

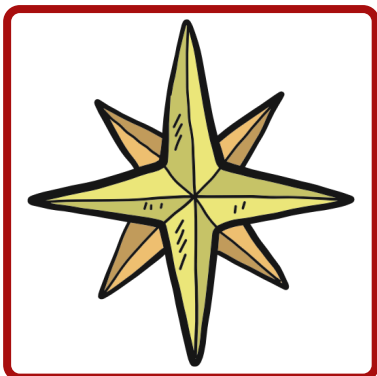

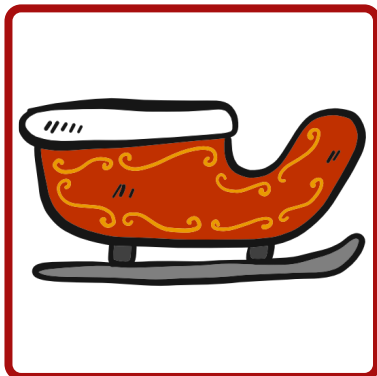

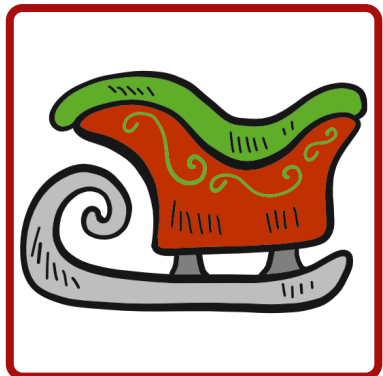

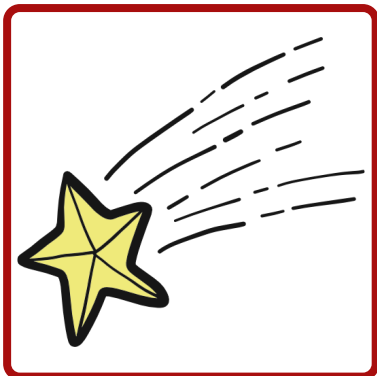

La mecánica de juego es la de un bingo tradicional. Escoge un recipiente o bolsa donde meter las fichas para ir sacándolas una a una, diciendo su nombre o describiéndolas, como prefieras. El alumno que la tenga en su tablero debe marcarla (con fichas o con rotulador borrrable si están plastificados). El primero que las marque todas ganará el premio que hayan decidido previamente.

NOTA. Es importante que la persona que saque las fichas describa su contenido, ya que hay algunas similares y pueden llevar a confusión.
